Thought for the Week from S.A.D.D.: According to the National Highway Traffic Safety Administration (NHTSA), approximately 300 teens have died in alcohol-related traffic accidents during prom weekends over the past several years. Statistics show that roughly one-third of alcohol-related teen traffic fatalities occur between April and June — the peak of prom and graduation season. A survey of teens aged 16 to 19, published by AAA in 2014, found that 31% to 41% of teens said it was likely that they or their friends would use drugs or alcohol on prom night.

WEDNESDAY, APRIL 17th – The Franklin Lakes, Wyckoff & Oakland Municipal Alliances together with Ramapo and Indian Hills Guidance Departments are pleased to host "Getting High Naturally". A positive, science-based & entertaining approach to Substance Abuse Prevention.
Speaker: Matt Bellace, PH.D.
Location: Ramapo Auditorium
Time: 7:00 pm.

Born a natural Medium, Drew Cali was no longer able to ignore his gifts after a series of traumatic losses and life altering events that would forever change his life. Even though he was acutely aware of his natural intuitive and mediumistic abilities, he certainly had no idea to what extent these abilities would take such precedence. Finally realizing his true calling was to live a spiritually centered life, he stepped away from his fast-paced "normal" endeavors with a new sense of vibrancy, focus and passion. Drew continues to work with and learn from mentors, colleagues and the spirit world as well as from the people which he lovingly serves.
