Dear Parents or Guardians:

The following information is provided to you at this time so you may address them during the summer months **prior** to the start of school in September.

Physicals

For the health and safety of all students, a physical examination is required by the State of New Jersey **for all incoming 9th graders and transfer students.** The enclosed Pre-Participation Physical Form is to be used by all students and is to be completed **signed** and **stamped** by your child's physician. Please make sure that the entire physical form is completed and signed in all areas required by law.

Please return this form to the Nurse's Office **PRIOR** to the first day of school. **The Main Office is open during the Summer for your convenience and a box for the Nurses' Office will be available.** In addition, please include along with your child's physical any **Allergy Action Plan, Epipen Plan, Diabetic Treatment Plan, or Seizure Plan** that is required.

All Pre-Participation Forms for Fall Sports are Due by JULY 18 th to the Fall Coaches at Ramapo. All Coaches have an assigned mailbox in the Athletic Director's Office. Forms should be submitted in a sealed envelope to the Coach, labeled with the athlete's name, grade and sport.

Immunization Requirements

Please be sure to submit your child's updated immunization record in its entirety to the school nurse. Your child must be in compliance with the New Jersey State Sanitary Code, Immunizations of Pupils in Schools, in order to remain in school. **Failure to comply with the State's immunization**

requirements will prevent your child from attending school. Any time your child receives a new vaccine, please send documentation to the Nurse's Office.

Medication In School: Required Medication Consent Form

Parents and Guardians are encouraged to administer all medications at home whenever possible. However, at times we understand this may not be possible.

All medications required in school require the medication consent form, included in this packet, to be filled out by both the parent/guardian and child's physician. All medications brought in from home must be dispensed by the school nurse and must be in the original pharmacy container properly labeled by law. **Any omission on the medication consent form (missing physician or parent signatures will prevent the nurse from dispensing medication to your child)**

We would encourage parents to complete and submit the **medication consent form annually (must be submitted each year)** to provide for the comfort of your child during the school year.

Generally students do visit the Nurse's Office and request OTC pain relievers, etc. which do **require the medication consent form by law.**

All Forms are available online at **RIH.org** under Health Services. This includes all action plans for allergies, asthma, diabetes, and seizures.

Enjoy the Summer and we will see you in September!! Welcome to Ramapo High School and we look forward to a great school year!

Recommendations _____

I have examined the above-named student and completed the preparticipation physical evaluation. The athlete does not present apparent clinical contraindications to practice and participate in the sport(s) as outlined above. A copy of the physical exam is on record in my office and can be made available to the school at the request of the parents. If conditions arise after the athlete has been cleared for participation, a physician may rescind the clearance until the problem is resolved and the potential consequences are completely explained to the athlete (and parents/guardians).
